

## MILLESIMATO Brut Rosé

Produced from native vines, this sparkling wine is rich in aromas and unfolds elegantly with linearity and sharpness on the nose. It has a delicate yet bright pale pink colour, with a subtle and continuous perlage. The scent is pronounced, persistent, with a wide range of fruity scents including peach, currant and cherry. On the palate it is dry and fresh with a good structure and great softness, savoury and persistent.

### RECOMMENDED COMBINATIONS

Excellent as an aperitif. The sparkling wine goes beautifully with fish dishes and, above all, with sea bass, sea bream, stockfish and cod but also fish soup. Also excellent with white meat dishes.

SERVING TEMPERATURE: 6-8° C
